CARPETS & RUGS

Rugs by Jacaranda
choose your size, texture and finish

— Every Jacaranda texture can be made as a carpet or rug

Most of Jacaranda's carpet ranges are available as stock rugs in a choice of sizes with a smart hand-sewn edge, available for immediate delivery.

In addition, all of our ranges can be made-to-order in bespoke size rugs. Our UK workshop can edge any range in a choice of stylish understated finishes, with a 2 - 5 week lead time from order to despatch. Or choose a hand-sewn edge made at source with a 14 - 18 week lead time.

Handsewn

With the same colour of wool or TENCEL™ from which each rug is made, we use a needle to sew the edges by hand. All Jacaranda's stock rug edges are handsewn. Bespoke rugs can be handsewn too, lead time 14 - 18 weeks depending on the range.

Blind-Hemmed

Blind-hemming is so called as the stitching is invisible and the tape gives a subtle edge to the rug. We colour match tape closely to the rug centre to create a stylishly, understated finish. Visible tape width varies, but will be as narrow as each texture allows, whilst ensuring longevity. Lead time approximately 2 - 5 weeks from order to despatch.

Wide Blind-Hemmed

Due to the loop construction of certain ranges, they require a slightly wider blind-hem than our standard finish. We closely match cotton tape to the rug centre and add a narrow edge, ensuring that the loop pile is securely held for longevity whilst giving a smart, subtle finish. Lead time approximately 2 - 5 weeks from order to despatch.

Whipped

The edges of all but Jacaranda's thickest bouclés can be overlocked in our workshop. For our TENCEL™ ranges we use the same yarn as the pile, or customers can use our TENCEL™ pom box to choose contrasting colours. We whip wool ranges in carefully matched wool yarn for a subtle, stylish finish. Lead time approximately 2 - 5 weeks from order to despatch.

Bordered

We can border rugs in a choice of leather, cotton, linen or Alcantara®. Standard border width is 5 – 6cm. Please note that our leather borders are made from real hides so joins may be visible. In addition to the tapes we stock, we are happy to border rugs in tapes supplied by customers, please get in touch for further information. Lead time approximately 2 - 5 weeks from order to despatch.

Samples, quotes & ordering

Samples

We will happily send out free of charge cuttings showing any of our rug textures.

For edging samples we provide high-quality images demonstrating how the edging appears. For whipped and blind-hemmed edges while we do not send physical samples, we assure you that we carefully match tapes and yarns to create a stylish and understated finish.

Additionally, we offer rug edging sets that demonstrates each edging type on an A4 size sample. These are available to buy.

Bespoke design & colour

Hand-tufting offers complete freedom of design, colour, shape and size. Be inspired by one of Jacaranda's designs or create your own. Our hand-tufted rugs can be made from wool, TENCEL™ or silk, they will come with a handsewn edge or as broadloom for cutting into inset locations.

Almost every Jacaranda range in wool, TENCEL™ and silk can be colour matched to wallpaper, paint, fabric or pom.

For all bespoke designs or colours we will make a strike-off swatch for approval, after which production and shipping takes approximately 14 – 18 weeks.

Get in touch and our in-house designer will guide you from design to finished rug, or start with an online quote.
